Dear Flying Stone Canada Ltd:

As a new grad and works in an accounting firm in Downtown. My biggest dream is to save enough money, quit my job, start my first bicycle ride across Canada with my boyfriend the next spring. And I need place that has to be furnished, within my budget so that I can save more and with no comprise of my living style. Flying Stone Canada was the only company that was able to provide a beautiful place that I had fallen in love with after months of hard searching.

The place they offered to me worked like a charm. I didn't need to buy any extra stuff as everything is provided with high quality as they promised. Each time my friends came and visited me, they were all stunned on the fact that I lived in such gorgeous place with just friction of normal cost!

On top of that, I was very impressed how efficient we communicated over the whole lease term. Most of time we connected through Facebook. Whenever there was a concern or issue, I could bring it to their attention through Facebook message right away and quite often almost instantly they replied and got the concern resolved. Talking about highly effective people. They did top notch work definitely!

I just wanted to take this opportunity to say thank you to all staffs at Flying Stone Canada Ltd. for helping me to make my biggest dream come true. Now I can understand fully what their tagline really mean: make impossible happen naturally. Indeed you have done so for me and I hope you keep going strong and growing so that you can help more people to make their impossible happen naturally as well.

Sincerely,

Maria Vega
