To whom it may concern

Testimonial

I highly recommend Flying Stone Canada to full-time university students and young professionals like myself for the following two reasons:

- 1). Their highly effective way of keeping the house tidy and clean. I have been through numerous places and quite frankly I have never seen any other place nearly as clean as the one I rented from Flying Stone Canada. They have a year-round so called "1-clean cleaning schedule" where everyone in the house take their fair share to keep the place clean. The cleaning pictures posted on Facebook allows everyone to see the quality of the work, which in addition is a great way to motivate everyone to do a great cleaning job as well.
- 2). The convenience of the location. It was very close to bus/transit, which was not only great for going to school; but it was also perfect for doing shopping and getting around the city. This aspect significantly increased the enjoyment of my stay.

Overall, I enjoyed my stay and experience with Flying Stone Canada and I am confident that your choice with them will be a great one as well.
